My Dear Dean:

I want to thank you again for your kindness in permitting Dr. Witkin and myself to attend your session. You must know how impressed we were with what you are doing and the results you are getting.

I have been doing some thinking as to how we can do a joint project together. Dr. Witkin was most impressed and I believe he will be open to such possibilities.

With my very best wishes.

Warmly,

Martin Rubin, D.D.S.
Director
Special Care Clinic
